SURVEY - Acceptance and Use of Mobile Learning

1) Gender: Male/Female
2) Age:

Performance expectancy
3) PE1: I would find mobile learning useful in my learning.
4) PE2: Using mobile learning enables me to accomplish learning activities more quickly.
5) PE3: Using mobile learning increases my learning productivity.
6) PE4: If I use mobile learning, I will increase my chances of getting a better grade.

Effort expectancy
7) EE1: My interaction with mobile learning would be clear and understandable.
8) EE2: It would be easy for me to become skillful at using mobile learning.
9) EE3: I would find mobile learning easy to use.
10) EE4: Learning to operate mobile learning is easy for me.

Social influence
11) SI1: People who influence my behavior will think that I should use mobile learning.
12) SI2: People who are important to me will think that I should use mobile learning.
13) SI3: The professors have been helpful in the use of mobile learning.
14) SI4: In general, my college has supported the use of mobile learning.

Voluntariness of use
15) V1: Although it might be helpful, using mobile learning is certainly not compulsory in my class.
16) V2: My professor does not require me to use mobile learning.
17) V3: My professors expect me to use mobile learning.
18) V4: My use of mobile learning would be voluntary (as opposed to required).

Facilitating conditions
19) F1: I have the resource necessary to use mobile learning.
20) F2: I have the knowledge necessary to use mobile learning.
21) F3: A specific person or group is available for assistance with mobile learning difficulties.

Perceived playfulness
22) PP1: When using mobile learning, I will not realize the time elapsed.
23) PP2: When using mobile learning, I will forget the work I must do.
24) PP3: Using mobile learning will give enjoyment to me for my learning.
25) PP4: Using mobile learning will stimulate my curiosity.
26) PP5: Using mobile learning will lead to my exploration.

Self-management of learning
27) SL1: When it comes to learning and studying, I am a self-directed person.
28) SL2: In my studies, I am self-disciplined and find it easy to set aside reading and homework time.
29) SL3: I am able to manage my study time effectively and easily complete assignments on time.
30) SL4: In my studies, I set goals and have a high degree of initiative.

Behavioral intention to use mobile learning
31) BI1: I intend to use mobile learning in the next 12 months.
32) BI2: I predict I would use mobile learning in the next 12 months.
33) BI3: I plan to use mobile learning in the next 12 months.
[These questions expand our understanding of student current and future use of mobile devices.]

1) **Do you have access to a computer with Internet access in your home?** Yes/No

2) **Which of the following college preparatory courses have you completed or are currently enrolled in at TCC?** Select all that apply.

   REA0001, REA0002, ENC0020, MAT0002, MAT0024, SLS0001, I did not need to complete any college preparatory courses

3) **Do you own a handheld mobile device with Internet access?** Yes/No

4) **How long have you been using a handheld mobile device to access the Internet?**
   - Less than one-year
   - Year(s)
   - Never [skip question 3]

5) **How often do you access the Internet from your handheld mobile device?**
   - Several times a day
   - About once a day
   - 3-5 days a week
   - 1-2 days a week
   - Every few weeks
   - Less often
   - Never

6) **Which of the following personal activities do you currently engage in on your handheld mobile device?** Select all that apply.

   - Phone communication
   - Send and receive email
   - Send and receive text messages
   - Schedule appointments or tasks
   - Banking
   - Play non-academic interactive games
   - Read and/or edit documents such as PDF, Word and Excel documents.
   - I do not engage in personal activities on a mobile device

7) **Which of the following information resources do you currently access in on your handheld mobile device?** Select all that apply.

   - Audio clips
   - ebooks or print content
   - Friend information
   - Internet
   - Library
   - Movie Times/Reviews
   - Online Maps
   - Restaurant information
   - Sports/News/
   - Shopping
   - Social Networks (such as Facebook, LinkedIn)
   - Trivia information
   - Video
   - Weather
   - Other mobile information gathering applications

8) **Which of the following library services would you be interested in accessing on a handheld mobile device?** Select all that apply.

   - Chat session with Ask the Librarian
   - Database search
   - Book and movie reserves
   - Library related videocasts and podcasts
   - Library blog
9) **Which of the following information technology services would you be interested in accessing on a hand held mobile device?**

| — School Email         | — Financial Aid          |
| — Instant Messaging (texting) with instructor | — Pay fees               |
| — Chat session with student services | — Grades                 |
| — Course look up       | — Registration           |

10) **Which of the following learning resources would you be interested in accessing on a hand held mobile device?**

| — Lecture PPT slides     |
| — Audio recordings (e.g., recordings of lectures, school information) |
| — Videos (e.g., course related, recordings of lectures, school information) |
| — Print content          |
| — Ebooks                 |
| — Flashcards and other interactive educational games |
| — Hyperlinks to course related reference material |
| — Blackboard             |
